

## Sustainability Leadership Council

---

The Sustainability Leadership Council (SLC) is an autonomous group of representatives from Berkshire Hathaway operating companies committed to advancing the sustainability efforts of their respective organizations on behalf of their customers. Further, the SLC facilitates collaboration and serves as a resource to other Berkshire Hathaway operating companies by:

- Sharing sustainability strategies, initiatives, experiences and best practices to help achieve business objectives
- Identifying and communicating emerging sustainability issues
- Providing subject matter expertise on various sustainability matters
- Planning and hosting an annual sustainability summit
